Email: sara.avilaforcada@colorado.edu

ECON 2010 (Principles of Microeconomics) with a C- or better course grade.

COURSE OBJECTIVES

Upon completion of the course, students should:

identify the data and tools of macroeconomic policy; describe the costs and benefits of economy-wide phenomena such as inflation, unemployment, government debt; evaluate public policies in an informed and objective manner; recognize the institutional surroundings that impact macroeconomic phenomena; describe the role of international trade in the macroeconomy; and

further their analytical, research and writing skills.

REQUIRED COURSE MATERIALS

Textbook (required): Schiller and Gebhardt: The Macro Economy Today, 15th edition with access to Connect. Connect is where you will read your textbook and complete some graded assignments. You will access Connect through our course website, Canvas.

Course Website: https://canvas.colorado.edu/ (Canvas) Grades and any further additional readings will be posted on Canvas. Please check Canvas frequently for any relevant notifications/ changes that may occur throughout the course.

SUPPLEMENTAL MATERIAL

Supplemental readings and other materials will be provided in Canvas system, via the CU Library electronic reserve, or by links to websites.

INSTRUCTIONAL METHODOLOGY AND DELIVERY

This course is delivered via distance education format using the CU Canvas system. This format will use a combination of readings, online discussion, and other web-based resources. You will interact with the instructor and other students using the communication functions provided by Canvas. You will submit assignments in accordance with the course outline using Canvas.

COURSE PRESENTATION AND PROCEDURES

There will be 14 modules corresponding to the 14 weeks of the course (1 module per week). You should proceed through one module per week, which will be comprised of readings from the course texts, supplemental class notes, graded discussion questions, homeworks and quizzes, exams, and various outside sources of information such as additional readings and video content, among other content.

CLASS PARTICIPATION

This course is designed to engage you through class discussions on the topics covered in the course materials. It is important that you participate in class discussions to facilitate learning by other students and gain exposure to different viewpoints of other students in the class. It is therefore necessary to

participate throughout the week in the discussion questions, not wait until the last minute to post on discussion topics.
