Final exam: Friday, August 5th from 12:45 to 2:20 pm

Required Text:

Blanchard and Johnson, Macroeconomics, 6th edition, Pearson Publisher.

Course Description and Objectives:

Macroeconomics is the study of aggregate economic performance, including both long-run growth and short-run fluctuations. The course covers some alternative theoretical approaches to macroeconomics and controversial issues about different approaches to macro policy).

s about different

approaches to macro policy).

Prerequisites:

1. Economic prerequisites: ECON 1000 or 2020
2. Mathematics prerequisites: ECON 1078 and 1088, or MATH 1300, or MATH 1310, or MATH 1081, or MATH 1080, 1090, and 1100, or APPM 1350, or equivalent.

The material covered in this course requires a working knowledge of calculus. It will be assumed that every student has a working knowledge of calculus, and there will be no formal review of calculus techniques. In

Lectures:

Partial attendance for the first week of classes is mandatory or you will be administratively dropped from the class. I will be taking attendance these days. While attendance will be taken for the

Students with Disabilities

If you qualify for accommodations because of a disability, please submit to **me** a letter from Disability Services in a timely manner so that your needs be addressed.
