About makeup and curve

There will be no makeup quizzes and midterm exams. I reserve the right to curve your overall grade after the final, but there will be no curved midterms separately.

Quizzes

There will be a total of five quizzes given during the semester. The lowest of your quiz scores will be dropped. There will be no makeup quizzes given.

In-Class Assignments

Randomly throughout the semester I will assign problems for you to work on in class, which you will hand in to me before you leave. These problems are intended to provide practice and will be similar to problems you will see on quizzes and exams. As with the quizzes, the lowest of your in-class assignment scores will be automatically dropped. There will be no makeup assignments given.

Problem Sets

For each chapter, I will suggest a list of problems from the book that will be good practice for the exams and quizzes. These problems will not be handed in, but I highly encourage you to attempt as many as possible and ask questions as necessary.
